

Graduating? Next Step: Israel!

Let Hillel help you decide...

OTZMA is a service-based leadership development program offering the unique opportunity to contribute and acquire an in depth understanding of Israel and the Jewish people. Participants gain an "insider's" perspective while working and learning in three consecutive and distinct tracks, including immigrant absorption, areas of urban renewal, social service work experiences and kibbutz. Throughout the ten months they move from place to place, interacting with people throughout the country.

The WUJS Institute enables young Jewish graduates and professionals from around the world to experience Israel in the most exciting and creative manner possible. WUJS' holistic approach to Israel and Hebrew studies incorporates weekly field trips, overnight hikes, meetings with Israeli peers, volunteer options and a variety of fun and enriching activities. Participants live and study in the warmth of Arad in the Negev, in a pluralistic environment and are supported by a professional and experienced staff.

Brit Olam "Apple's and Honey" program offers volunteers from Israel and the Diaspora an unique experience consisting of five months spent learning and training in Israel, followed by three months working in a developing country. While in Israel, participants engage in activities geared towards preparing them for their time in communities in the developing world. Workshops include ways to understand issues of Jewish identity, tikkun olam, Jewish humanitarian values and Jewish and Israeli culture.
